PROFESSIONAL SUMMARY

4th-year Computer Engineering student with hands-on experience in full-stack development using Laravel (backend & frontend) and RESTful APIs. Proficient in MVC architecture, API design, and database management (MySQL, MSSQL), passionate about building scalable, maintainable web solutions, and a fast-learning, collaborative team player.

WORK EXPERIENCE

Junior Full-Time Developer

OSUS Company (Laravel & Full-Stack Developer) **July 2025 – Sep 2025**

Built **scalable full-stack applications** using **Laravel MVC**, **Bootstrap**, and **React.js**.
Designed and implemented **RESTful APIs** for mobile and web.
Managed and optimized **MySQL databases** for performance.
Collaborated with team to ensure **maintainable and efficient development**.
Used **Git** for version control and team collaboration.

Intern Developer

OSUS Company (Laravel & PHP Developer) **May 2025 – Jun 2025**

Developed **backend APIs** using the **Laravel MVC framework**.
Maintained and improved **existing web applications** for better performance and user experience. Managed **MySQL databases** via **phpMyAdmin**.

EDUCATION

B.Sc. in Computer Engineering — Kütahya Dumlupınar University, 2022 – Present

PROJECTS

VidaMath — Advanced Math Competition Platform:
Developed a multi-module exam & learning system with 4 competition modes, 2 user types, 7 difficulty levels, auto-generated questions, real-time scoring, ranking, certificates, and full admin control. *(Live: superactivitymath.com/first)* — Laravel / MySQL

Smart Menu — Multi-Customer Online Menu Platform:
Developed a multilingual e-menu (TR/AR/EN) with categories, cart, checkout, payment, and admin panel. *(Live: tmlacademy.com)* — Laravel MVC / MySQL

User & Technician Management API: Designed a RESTful API for user/technician registration, authentication, admin management, and role-based access. Laravel API

E-Learning Platform: Developed a two-faced (learner + admin) Laravel MVC e-learning platform with course browsing, streaming, purchases, reviews, user progress tracking, and full admin CRUD for courses, categories, and students. Laravel / MySQL

SKILLS

Backend: Laravel (PHP), REST API, JWT/OAuth, OOP | Frontend: HTML, CSS, JavaScript, Bootstrap | Database: MySQL, MSSQL, phpMyAdmin | Tools: Postman, Git, Unit Testing

LANGUAGES

Languages: Arabic (Native) | Turkish (Native) | English (Intermediate)
